People who received the Pfizer vaccine should get a booster **FIVE months** after their initial series.

- Get a booster **two months** after the Johnson & Johnson vaccine
- Get a booster **six months** after the initial Moderna vaccine series

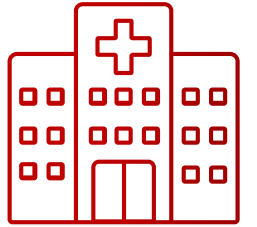

**12- to 15-year-olds
can now get boosters**

Starting today, adolescents 12-15 years old who received the Pfizer vaccine on or before August 6, 2021 can get a booster, including at District-operated walk-up sites.

STATE OF EMERGENCY 2022 WINTER SURGE

- 1 Expanding testing
- 2 Reinstating the indoor mask mandate
- 3 Instituting DC Government vaccine mandate, to include boosters
- 4 COVID-19 Testing & Vaccination Centers
- 5 DCPS Winter Break return, distribution of rapid tests
- 6 Do Your Part
- 7 Citywide Vaccine Mandate

One way to support busy hospitals is by not going to the hospital for a COVID-19 test.

Four easy ways to get tested in DC:

- 1 Get a free rapid test at one of the **nine libraries** distributing them
- 2 Pick up an at-home PCR test at one of the **36 Test Yourself DC sites**

- 3 Go to a **walk-up PCR testing site**
- 4 Make an appointment with your **health care provider**

WHAT TO DO IF YOU TEST POSITIVE

9

- 1 Immediately isolate yourself
- 2 Report Your Result to **coronavirus.dc.gov/overthecounter** if using a rapid test
- 3 Stay Home
Only go to the hospital if you need emergency care.

Seek emergency medical care right away if you have ANY of the following: trouble breathing, pain or pressure in the chest that won't go away, new confusion, inability to wake or stay awake, or pale, gray or blue-colored skin, lips or nail beds, depending on skin tone.

If you test positive for COVID-19 with an antigen test, you do not need to confirm the result with a PCR test.

THANK YOU

One year since
January 6, 2021.

THANK YOU

Last year, the Metropolitan Police Department (MPD), the DC Fire and EMS Department (FEMS), and the DC Homeland Security and Emergency Management Agency (HSEMA) answered the call for help from our federal partners and restored order at the Capitol. This year, the teams at MPD, FEMS, and HSEMA have been in regular communication with the United States Capitol Police along with a variety of key federal partners while also monitoring open-source information and information available on social media. MPD has also ensured a robust deployment of officers available to respond in the unlikely event any issues arise this week.

ON JANUARY 7, 2021, WE CALLED FOR:

- **DC statehood** on the President's desk
- The immediate **transfer of the District of Columbia National Guard** from the President's command to the command and control of the Mayor of the District of Columbia
- **A nonpartisan commission** to understand the security failures that happened at the Capitol on January 6, 2021 – both to hold people accountable and to ensure it never happens again
- **Accountability for the insurrectionists** who incited violence at the Capitol and tried to destroy our democracy

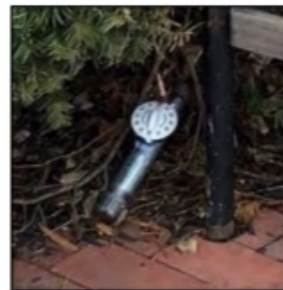

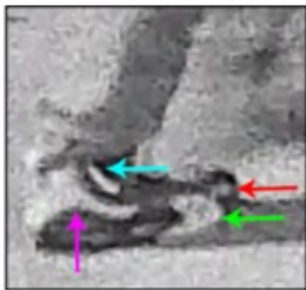

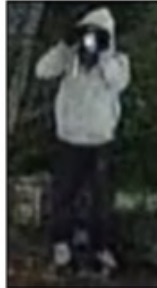

- The Congress must take action to advance DC statehood and other voter protections.
- We must do more to protect the peaceful transfer of power, including designating joint sessions of Congress as National Special Security Events.
- Although the U.S. House of Representatives took action to transfer control of the DC National Guard, it was removed in the Senate. In the interim, we are grateful that the Department of Defense took steps last week to streamline and clarify the process by which the District, Capitol Police, and other partners can mobilize the DC National Guard.
- The District has provided significant documentation and fully cooperated with all the requests of the January 6 committee. Now, we call on the committee to expeditiously complete their work of identifying, reviewing, and evaluating the causes of and lessons learned from the attack on the Capitol and to make recommendations for corrective measures that will ensure that the events of January 6, 2021 never happen again.
