CORONAVIRUS (COVID-19)

Situational Update

Friday, May 8, 2020

Washington, DC's Curve

Since April 24, 2020

Average daily new positives over last 14 days: 169.4

New confirmed cases over the past week:

- Friday, May 1: 139
- Saturday, May 2: 219
- Sunday, May 3: 154
- Monday, May 4: 152
- Tuesday, May 5: 139
- Wednesday, May 6: 193
- Thursday, May 7: 245

To move forward without a vaccine or cure, we must weigh the risks and adapt.

Even if we do everything right, reopening will lead to more infections and more loss of life.

Have we made any progress?

Yes. Compared to two months ago when we announced our first confirmed case we have:

More hospital capacity

More social distancing

More face masks

WHATELSE CAN RESIDENTS DO?

Tips for Isolating

Separate yourself from other people

If you do not have the ability to isolate yourself from family members, call 1-888-349-8323.

Get fresh air – close to home.

Celebrate Mother's Day safely.

Continue to Support Local Businesses

Order grab and go

Protect workers by wearing face masks

Give people space

Use **#DCHOPE** when sharing photos of your favorite small businesses.
