

MAYOR MURIEL BOWSER'S

# SITUATIONAL UPDATE

Monday, January 11, 2021

 GOVERNMENT OF THE  
DISTRICT OF COLUMBIA  
MURIEL BOWSER, MAYOR

# PUBLIC SAFETY UPDATES

[CORONAVIRUS.DC.GOV](https://coronavirus.dc.gov)

**DC | HEALTH**  
Department of the District of Columbia

U.S. GOVERNMENT OF THE  
DISTRICT OF COLUMBIA  
**DC MURIEL BOWSER, MAYOR**

# WE THANK

the men and women of the  
Metropolitan Police Department  
and the DC Fire and EMS  
Department for your heroic efforts.

# WE THANK

Maryland and Virginia for the support of their Guard and law enforcement on January 6.

Both jurisdictions also provided support at the state and county level for law enforcement mutual aid requests, many of whom ultimately helped to clear the Capitol Building.

We are asking Americans  
**NOT TO COME TO WASHINGTON, DC**  
for the 59th Presidential Inauguration on  
January 20, and to instead participate  
virtually.

# We have requested that the President declare a pre-Emergency Declaration for the District of Columbia.

This is necessary because this **Inauguration poses several unprecedented challenges** that exceed the scope of our traditional planning processes, including:

- the COVID-19 pandemic
- the January 6 domestic terror attack on the United States Capitol

MURIEL BOWSER  
MAYOR

January 9, 2021

The Honorable Chad F. Wolf  
Acting Secretary  
United States Department of Homeland Security  
Washington, DC 20528

Dear Acting Secretary Wolf:

Following the unprecedented terrorist attack on the United States Capitol on Wednesday, January 6, 2021, and the continued threat of related violence in the District of Columbia, we are extremely concerned about the upcoming National Special Security Event (NSSE) led by the United States Secret Service. We believe strongly that the 59<sup>th</sup> Presidential Inauguration on January 20 will require a very different approach than previous inaugurations given the chaos, injury, and death experienced at the United States Capitol during the insurrection. While I will be reaching out to a broad range of local, regional, and federal partners to enhance cooperation among our bodies, I strongly urge the United States Department of Homeland Security to adjust its approach to the Inauguration in several specific ways.

**First, the District of Columbia is requesting the Department extend the National Special Security Event period to run from Monday, January 11 to Sunday, January 24, 2021.** This is an increase from the current period of January 19 to January 21, 2021, which will allow for better Federal and District government interagency preparation for the Inauguration, given the new threats from insurgent acts of domestic terrorists. Further, the District strongly recommends that you secure the permission of the Congress of the United States to include the Capitol and its grounds in the NSSE perimeter.

**Second, the District of Columbia is submitting a request for a pre-disaster declaration under the Robert T. Stafford Act for the Inauguration.** This declaration will enhance and expedite direct federal assistance needed to prepare for the Inauguration. My Administration is developing specific requests for direct federal assistance and will work with FEMA to execute those requests upon approval of the declaration.

**Third, the District of Columbia urges the Department to coordinate with the Department of Defense and the Department of Justice, the United States Congress, and the United States Supreme Court to establish a security and federal force deployment plan for all federal property, which will ensure the Metropolitan Police Department's (MPD) ability to focus on its local mission in the District's eight wards.** Earlier this week, MPD officers acted heroically rushing to back-up the United States

Capitol Police to stop the assault on the United States Capitol. Consistent with established protocols and practices, it is the primary responsibility of the federal government to secure federal property in these situations.

In addition, I ask that the Acting Attorney General at the Department of Justice direct the Federal Bureau of Investigation to provide an intelligence and threat briefing on a daily basis during the period of January 11 – 24, 2021, to the DC Homeland Security and Emergency Management Agency (HSEMA) and MPD and all law enforcement entities operating in the District of Columbia.

Further, I am requesting that the Secretary of the Department of Interior cancel any and all Public Gathering Permits in the District of Columbia and deny any applications for Public Gathering Permits during the period of January 11 – 24, 2021. We have made this request repeatedly since June 2020 because of the COVID-19 pandemic, and this week demonstrated the National Park Service's willingness to approve last minute permits and major adjustments.

The requests outlined herein — if issued swiftly and communicated broadly — are essential to demonstrating our collective resolve in ensuring the Constitutional transition of power and our nation's capital in the days leading up to it. And like with previous inaugurations and NSSEs, the District of Columbia will host a press event for agencies engaged in the NSSE to brief the public on the plan and coordination among our agencies. We look forward to federal participation.

Dr. Christopher Rodriguez, Director of HSEMA, is my point person on this request and is available to provide you with any additional information. He can be reached at [REDACTED] or [REDACTED]. Thank you for your immediate attention and reply to these requests.

Sincerely,  
  
Muriel Bowser  
Mayor

On Sunday, I sent a letter to Department of Homeland Security Acting Secretary Chad Wolf regarding Inauguration preparation.

The District of Columbia is requesting the Department extend the National Special Security Event period to run from Monday, January 11 to Sunday, January 24, 2021.

The District is also urging the Department of Homeland Security to coordinate with the Department of Defense and the Department of Justice, the United States Congress, and the United States Supreme Court to **establish a security and federal force deployment plan for all federal property**, which will ensure the Metropolitan Police Department's (MPD) ability to focus on its local mission in the District's eight wards.

In addition, I asked that the Acting Attorney General at the Department of Justice direct the Federal Bureau of Investigation to provide an intelligence and threat briefing on a daily basis during the period of January 11 - 24, 2021 to the DC Homeland Security and Emergency Management Agency (HSEMA) and MPD and all law enforcement entities operating in the District of Columbia.

Further, I am requesting that the Secretary of the Department of Interior cancel any and all Public Gathering Permits in the District of Columbia and deny any applications for Public Gathering Permits during the period of January 11 - 24, 2021. We have made this request repeatedly since June 2020 because of the COVID-19 pandemic, and this week demonstrated the National Park Service's willingness to approve last minute permits and major adjustments.

Data Source: DC Health

So far,

**26,672**

doses have been  
**administered** in DC

**Total doses**  
already delivered:

**45,425**

**Additional doses**  
becoming available  
this week:

**8,300**

Beginning today, DC residents aged **65 and older** can make an appointment to get the COVID-19 vaccine through the **vaccinate.dc.gov** portal or by calling the District's coronavirus call center at **855-363-0333**.

If you already tried to register for the vaccine, but you do not work in a health care setting, you should re-register this week.

# 855-363-0333

Residents can schedule a vaccination  
through the call center

**Monday through Friday**  
**from 8:00 a.m. until 7:00 p.m.**

and on

**Saturdays**  
**from 8:00 a.m. until 4:00 p.m.**

Additionally, residents  
can connect to the call  
center by dialing

# 311

Making your vaccine appointment will only take about 5 minutes.

## You will be asked to provide:

- ☒ Demographic information (e.g. race, gender, age)
- ☒ Medical history
- ☒ COVID-19 history
- ☒ Contact information
- ☒ Insurance information (if you have insurance)

Once completed, you will receive a confirmation code that you should take with you, along with your photo ID, to your appointment.

You will only make your first appointment through the call center or **vaccinate.dc.gov**. You will make your appointment for your second dose when you go for your first dose.

## Getting the COVID-19 vaccine is as simple as getting the flu vaccine.

### Bring:

- ☒ Your confirmation code
- ☒ A photo ID
- ☒ Your insurance card (if you have insurance)

**Wear a loose-fitting shirt that allows medical staff to get to your upper arm.**

**After you receive your vaccination, be prepared to stay for 15 to 30 minutes after for observation.**

You will receive a vaccination card or printout that tells you which COVID-19 vaccine you received, the date you received it, where you received it, and when you should return for your second shot.

**The COVID-19 vaccine is free.** Those with insurance will **NOT** be charged a co-pay. Those without insurance will not be charged or turned away.

The COVID-19 vaccine may cause side effects in some people, such as pain at the injection site, sore muscles, fatigue, or mild fever.

**These reactions mean the vaccine is working.**

For most people, these side effects will last no longer than a day or two.

While at your appointment, you will register to use v-safe, a tool that allows you to communicate with the Centers for Disease Control and Prevention about your experience.

#SeniorSocialInfluencers

The COVID-19 vaccine is safe and effective.  
Getting vaccinated is the key to safely reuniting with  
our friends and families and getting our lives back.

**Seniors are prioritized**  
for the vaccine because  
the risk for severe illness  
and death related to

COVID-19 increases with age, with  
older adults at highest risk.

While we work to get more people  
vaccinated, those who have already  
received the vaccine should continue to  
use caution by **wearing a mask, social  
distancing, and practicing good hygiene.**

# VACCINATION PROGRAM PHASES WITH TIER
