TASK FORCE TO ADDRESS CARJACKINGS, AUTO THEFTS AND UNAUTHORIZED USE OF VEHICLE OFFENSES

13

This week, the Metropolitan Police Department announced the creation of a task force to address the increase in carjackings, auto thefts, and unauthorized use of vehicle offenses across the District of Columbia.

MPD has also engaged with our partners at the Department of For-Hire Vehicles and the Office of the Deputy Mayor for Planning and Economic Development to alert local businesses and reach delivery drivers for local restaurants and retail establishments

The goal is to not only address the ongoing crime, but to also equip communities and residents with tips for staying safe:

- Always lock your car
- Never leave your vehicle idling/running unattended – even if your key fob is on you, someone can still drive off with your car until it stops or gas runs out
- Always keep track of your keys, never leave them inside the vehicle
- Do not leave children unattended inside your vehicle
- Park in a safe spot
- Stay alert and aware of your surroundings
- If you see suspicious activity, report it anonymously by calling 202-727-9099
- If you are a victim of a crime, report it immediately by calling 911
