**On Tuesday, January 12, visible/physical preparation for the 59th Presidential Inauguration continued.**

This was the beginning of the installation of the inauguration perimeter around the White House, the Mall, the Capitol and parts of downtown.

Individuals entering the perimeter may be subject to screening and asked what their essential purpose within the inauguration perimeter is.

**If you need to be within the inauguration perimeter, be prepared to provide proof of your reason.**

This is similar to previous inaugurations – except the inauguration perimeter will be established and operational for several days.

**Beginning at 6:00 a.m. on Friday, January 15, all parking garages in restricted zones will be blocked off.**

Any vehicle still in a garage or loading zone in these zones at 6:00 a.m. on Friday must remain there until after the Inauguration. Businesses that need to receive deliveries will be advised of an off-site screening facility.

Residents and businesses between 19th to 14th Streets NW and K Street to Constitution Avenue are already being advised of restrictions beginning Thursday morning. More information about additional closures and restricted zones forthcoming.

# 11 YOU MUST HAVE AN APPOINTMENT TO GET THE VACCINE.

To reduce crowds and minimize exposure to the virus, do **NOT** go to a vaccination site without an appointment.

We are making appointments available as the District receives doses from the federal government.

Go to **vaccinate.dc.gov** to register to receive an alert from DC Health when more appointments become available.

12

In Washington, DC, we nearly doubled our vaccine burn rate last week from the week before.

Because of high demand as well as DC Health's success in getting the vaccine out to those who are eligible, **the District is calling on Operation Warp Speed to increase DC's vaccine allotment.**
