VACCINE DISTRIBUTION

First doses already delivered (as of 3/12/21):
163,820

First doses already administered (as of 3/13/21):
150,880

14.2% of DC residents partially or fully vaccinated

6.8% of DC residents fully vaccinated
Doses delivering this week:

24,068 doses

- 13,630 doses for vaccinate.dc.gov
- 7,735 doses for hospitals and health centers
- 2,703 doses for special initiatives and partnerships
On Saturday, March 13, Ward 7 seniors, many who had previously had trouble getting a vaccine, were vaccinated at the Benning Stoddert Recreation Center.

We thank all the partners who helped make this event a success, including: Johns Hopkins/Sibley Memorial, the DC Housing Authority, DC Health, the DC Homeland Security and Emergency Management Agency, the Department of Parks and Recreations, and Councilmember Gray’s Office.

There will be additional clinics in Wards 5 and 8 targeting seniors who live in DCHA properties.
On Friday, March 12, DC Health sent out **14,833 invitations** for **13,630 appointments**.

10,879 individuals booked vaccination appointments.

On Monday, March 15, DC Health sent out an additional **3,115 invitations**.

VACCINE ELIGIBILITY UPDATES
UPDATED ELIGIBILITY TIMELINE FOR ESSENTIAL WORKERS

Week of 3/15:
Eligibility to all essential workers in Phase 1B Tier 3 and Phase 1C Tier 1

Week of 3/29:
Eligibility to all essential workers in Phase 1C Tier 2

Week of 4/12:
Eligibility to all essential workers in Phase 1C Tier 3

5/1:
Move to Phase 2 of vaccination eligibility

These essential workers may start receiving appointment invitations beginning on the Thursday of the week of eligibility.

All essential workers must be working in person in Washington, DC.

All teachers and childcare workers are eligible regardless of whether they are currently work in person.
Beginning this week (week of 3/15), all essential workers in Phase 1B Tier 3 and Phase 1C Tier 1 are eligible for the vaccine.

This includes:

- Staff working in Courts and Individuals Providing Legal Services
- Frontline employees of public (mass) transit
- Employees of the U.S. Postal Service
- Staff working in food service
- Essential employees in local government agencies*
- Essential employees of public utilities
- Essential employees in health, human, and social services organizations/agencies who were not vaccinated as outreach workers
- Individuals working in commercial and residential property maintenance and environmental services

*Essential employees are unable to execute their job functions remotely/via telework and are required to report for duty in-person during the public health emergency.
Beginning the week of March 29, all essential workers in Phase 1C Tier 2 will become eligible for the vaccine.

This includes:

- Individuals working in non-public transit transportation services (i.e. for hire vehicles, ride share)
- Individuals working in logistics/delivery/courier services
- Essential employees working in media and mass communications
Beginning the week of April 12, all essential workers in Phase 1C Tier 3 will become eligible for the vaccine.

This includes:

- All essential employees of institutions of higher education (i.e. colleges, universities, trade schools)
- Individuals working in construction
- All essential employees working in information technology
- Essential employees in federal government agencies
- Individuals working in commercial and residential property management
Beginning May 1, Washington, DC will begin Phase 2.

In Phase 2, all DC residents who are 16 years old and older and not included in previous phases will become eligible.
The Public Health Emergency has been extended until MAY 20, 2021.
As we continue to monitor the public health metrics and the District’s vaccination rates, our next check in date is Monday, April 5.
GATHERINGS

WHAT’S NEW

Outdoor gatherings can now include up to 50 PEOPLE

ON MARCH 22

- Outdoor gatherings of up to 50 people (safely distanced)
- Indoor gatherings must be in accordance with DC Health and CDC guidance; currently, for private indoor gatherings, the limit is ten people.

AT THE APRIL CHECK-IN WE’LL REASSESS

- Indoor and outdoor capacity limits
As of March 15, some high school sports can resume under DCSAA guidelines. Field permits will be issued for spring seasons. Some high school and middle school sports applications can open for spring sports (drills and practices). Low- to moderate-contact sports may occur on a casual basis. Playgrounds are open. Limited number of DPR indoor recreation centers open for programs and reservation-only activity. DPR fields are limited to 250 persons. No changes expected.
INDOOR GROUP FITNESS CLASSES

- Indoor group fitness classes with up to 10 people
- 25% capacity (or up to 250 people, whichever is lower) at gyms, with 6 feet physical distancing
- Outdoor classes up to 50 people

OUTDOOR CLASSES

- The maximum number of people allowed in indoor and outdoor group classes

WHAT’S NEW ON MARCH 22

- Indoor fitness classes may resume with up to 10 people
- Outdoor fitness classes may have up to 50 people

AT THE APRIL CHECK-IN WE’LL REASSESS
Professional sports teams can re-apply to play and to host fans

Fan capacity limits

WHAT’S NEW

Professional sports may operate pursuant to a waiver with plans for fans

ON MARCH 22

AT THE APRIL CHECK-IN WE’LL REASSESS
### WHAT’S NEW

**Alcohol can be sold at restaurants until midnight**

### ON MARCH 22

- Indoor dining at 25% of capacity or up to 250 people
- Must close by midnight but alcohol can continue to be sold until midnight
- Tables must be 6 feet apart with up to 6 people per table
- No standing at bar area

### AT THE APRIL CHECK-IN WE’LL REASSESS

- The indoor capacity limit
- Ability to play live music
### WHAT’S NEW

- HSEMA and DC Health will resume reviewing and approving live entertainment waivers
- Movie theaters may open with no more than 25 people (or 25% capacity, whichever is less) in an auditorium

### ON MARCH 22

- Some live entertainment will begin resuming
- Waivers will continue to be accepted and approved

### AT THE APRIL CHECK-IN WE’LL REASSESS

- Expand live entertainment waiver process
## WHAT’S NEW

**Guided tours can resume**

### ON MARCH 22

- Will remain open with capacity limits (250 per floor and 25 persons per room)
- Guided tours allowed
- Dining areas must follow guidance for restaurants

### AT THE APRIL CHECK-IN WE’LL REASSESS

- Capacity limits
Grocery stores may operate buffets only if staff serves the food. Self-service continues to be prohibited.
DC Health has issued updated schools guidance on best public health practice, not regulatory requirements, with an emphasis on principles of universal and correct use of face masks and 6 feet of physical distancing.

The use of cohorts, and not mixing students and staff between cohorts, is strongly recommended to minimize exposures if a case occurs in a teacher, staff or students, but caps on cohort sizes removed.

- Meals should be served in classrooms
- Staggering drop off/pick up times recommended
- Shared equipment, electronic devices, school supplies should be avoided
- Floating staff should be limited
Restrictions on sports for middle and high school students have been removed. Face masks should be worn and physical distance of 6 feet should be maintained when possible during sports activities.

- Low-contact sports training, practices, and games are permitted. Games should occur outdoors.
- For moderate to high contact sports, only organized drills and skill building activities are permitted.

High-risk activities, such as theater, choir, or band are no longer prohibited, but are recommended to be cancelled or modified to allow 10 feet of space between participants.
Onsite daily symptom screening recommended for employees/staff/visitors, but not for students. Parents should be encouraged to monitor children for symptoms at home. No one with symptoms should enter the school building.

Consider testing a sample of at least 10% of asymptomatic students on a weekly basis.

Schools should continue have a plan in place for staff or students to report if they test positive, and a notification system in place. Cases must be reported to DC Health within 24 hours as per previous guidance.
WEEKLY SCHOOLS DASHBOARD

COVID-19 Cases by School Setting

- Public Charter: 25.3%
- DCPS: 52.2%
- Private: 35.6%

Total: 796 cases

COVID-19 Cases by School Levels Within DCPS

- Middle School: 13.6%
- Administrative Office: 1.1%
- High School: 16.8%
- Elementary School: 68.6%

Total: 280 cases

COVID-19 Cases by School Levels Within Private Schools

- Elementary School: 31.8%
- Middle School: 43.3%
- High School: 15.9%
- Other: 0.4%

Total: 283 cases

COVID-19 Cases by School Levels Within Public Charter

- Administrative Office: 0.4%
- Elementary School: 34.6%
- Other: 26.9%
- High School: 15.9%

Total: 233 cases

Number of COVID-19 Cases by School Setting and Week

Outbreaks Within School Settings

Data Source: DC Health

These data include schools that had remote and hybrid learning models. By October 2020, DCPS, Public Charter and Private Schools all had some component of in-person learning, other refers to schools that have a mix or a combination of different levels on the same campus.

Data may not reflect total number of cases in all school settings in DC.
AT THE **APRIL CHECK-IN** WE’LL ALSO REASSESS:

- Childcare
- Higher education
- Personal services
- Recreation centers
