Be vigilant and call

(202) 399-7093

to request transportation
for neighbors in need of
shelter from the cold.

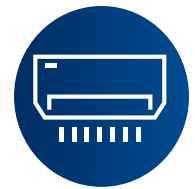

As **Term 3 at DC Public Schools** begins, we are proud that:

Every teacher & staff member working in person was **offered a vaccine**, and approximately 3,100 teachers and staff members have already received their first dose

Symptomatic & asymptomatic **testing protocols** are in place

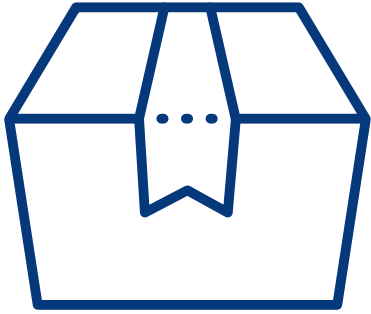

HVAC systems are upgraded & school plans are public at dcpsreopenstrong.com/school-plans

The science is clear: with the right protocols and upgrades, schools are safe. And we know the best place for students to learn is in the classroom.
